

5 x 26650 Lithium Battery Charger Board /Module 21V with Charge Protection

Quick Start Wiring Guide

Model: LBB-5v2

1. Power Input Solar 19 V – J3
2. Power Input 5-24 VDC – J2
3. Power Input 5-24 VDC – J4
4. Expansion Port for 325-140 – J5
5. Power Output 21 VDC – J15
6. Power Output 21 VDC – J24
7. Power Output 21 VDC – J22
8. Power Output 21 VDC – J25
9. Power Output 21 VDC – J23
10. Charge Current Limiter DIP Switch
11. Switch to Change J11 to 12 VDC Output
12. Power Output 12 VDC when Switched to Enabled – J11
13. LED Indicators for Estimated Battery Level Status
14. Battery Level Status Switch
15. External Battery Level Status and Switch Port – J20
16. External LED Charge Status Port – J1
17. External LED Power Status Port – J17
18. N/A
